

NATURAL COSMETICS

Sawall's has always strived to achieve a holistic concept in its Natural Health and Beauty Care Department by including a wide selection of all-natural cosmetics and beauty care products to cater for all skin types from head to toe. It is not only what you feed your body, but also how you care and nourish your skin – the human body's largest organ - that is essential to our overall well-being. Natural cosmetics nurture and beautify our body making use of raw materials gentle to both skin and face, supporting our natural skin functions.

Noreen Sawall has searched local, national and international markets to bring to Sawall's a vast range of natural care products from soaps, bath salts, hair products, body lotions, hand & feet products and skin care creams including a selection of essential oils. Sawall's carries the Weleda and Dr. Hauschka lines that are BDIH certified - a strict European certification ensuring that the use of natural raw materials, such as plant oils, fats and waxes, herbal extracts and essential oils, come from controlled biological cultivations. Customers at Sawall's can also find an ample array of natural cosmetics. You will find products from non-irritating mascara and natural make-up brushes, to a selection of lipsticks, blushes, eye liners and eye shadows in line with the seasonal color fashion palette.
